EDUCATION

B.S. in Computer Science and Technology
Insituto Tecnológico de Estudios Superiores de Monterrey (2023-2027) || GPA: 4.0/4.0 (98/100)

EXPERIENCE

Game Development & HCI Research Intern - Mitacs Globalink Research Internship **July 2026 - September 2026**
- Evaluated an existing game against the Game Accessibility Guidelines, identifying gaps in visual and control accessibility.
- Implemented accessibility improvements (higher-contrast assets, dialogue indicators, simplified controls) and validated changes through user testing, contributing findings to an HCI research paper.

UI Designer & Front-End Developer - SIH (Smart Traffic Lights System - Hermosillo) **October 2025 - January 2026**
- Designed and developed responsive interfaces for a government-linked smart traffic management platform, translating system requirements into user-focused workflows using Figma, React, TypeScript, Tailwind, and HTML.

UI Designer & Front-End Developer - Sonora Game Fest (Hackathon) **Fall 2025**
- Designed and developed a responsive event website, creating the UI in Figma and implementing the frontend using HTML, CSS, Tailwind, React, and Vite.

Information Technology Specialist - Global Staffing Partners **April 2025 - Present**
- Provide technical support for Microsoft 365, Intune, and mobile device management, assisting users with account configuration, security policies, licensing, and remote troubleshooting.

PROJECTS

Mobile Application Development and Deployment - SwiftUI, Kotlin, Figma **Spring 2026**
- Developed a cross-platform mobile application for Oracle, collaborating with Android and iOS teams across design, development, testing, and deployment. Designed UI prototypes in Figma and implemented features including password recovery, profile management, and search using SwiftUI and Kotlin.

Computer Security in Networks and Software - HTML, CSS, Tailwind, React, Vite, TypeScript, Figma **Fall 2025**
- Designed and developed a web-based hospital management system, replacing a physical record-keeping workflow with an organized digital platform to reduce staff time spent searching for employee records.
- Structured the information architecture to improve file organization during the transition from physical to digital records.

Software Construction and Decision Making - HTML, CSS, React, Vite, TypeScript, Figma **Spring 2025**
- Designed and developed an interactive physics simulator, incorporating gamification elements (e.g. progress feedback, challenge-based interactions) to increase user engagement and reinforce understanding of physics concepts.

NASA Space Apps Challenge - HTML, CSS, Tailwind, React, Vite, TypeScript, Figma **Fall 2025**
- Designed and developed a web application to visualize real-time and historical weather data from Meteomatics and NASA datasets, simplifying complex multi-variable data into clear, digestible visual formats for non-expert users.

SKILLS

UI/UX & HCI: Figma, Wireframing, Prototyping, Design Thinking, Usability Testing
Accessibility: Game Accessibility Guidelines, Accessible UI Design, Visual Contrast, Inclusive Interaction Design
Frontend Development: HTML, CSS, JavaScript, TypeScript, React, Tailwind, Vite, Bootstrap
Programming: C++, Python, MySQL, PHP
Tools: Git, GitHub
Game Development: Unity, Unreal Engine, GameMaker, Roblox Studio
Languages: Spanish (Native), English (C2 – Proficient)

LEADERSHIP

President, Girl Up: Led student initiatives focused on leadership and equity. **August 2025 - June 2026**
Campus Ambassador, Out 4 Undergrad: Promoted professional development opportunities to students on campus and on social media.
Computer Science Representative, SEING: Represented Computer Science students within the engineering society group.
Mentor, PEERS: Mentored first-year students during their transition to university. **August 2024 - June 2025**
Lead Organizer, Ludic Jam: Organized a game-development student hackathon and coordinated participants and event activities.

CERTIFICATES

UX Design Fundamentals - CalArts (Coursera) **February 2026**
Visual Elements of User Interface Design - CalArts (Coursera) **January 2026**
